

AMWC PAA1

WIRELESS SMARTPHONE ADAPTER

Converts Wired CarPlay into Wireless CarPlay/Android Auto™

QUICK START GUIDE

aerpro.com

Introduction

This Quick Start Guide provides instructions on how to connect the AMWCPAA1 Wireless Smartphone Adapter to your head unit. This adapter is designed for iPhone/Android smartphones to use Apple CarPlay/Android Auto wirelessly on factory head units which have a built-in wired Apple CarPlay function.

Please refer to the next page for how to check if your vehicle has Apple CarPlay or not. However, NOT every vehicle with built-in CarPlay is suitable to use this adapter. If there are any issues while using the adapter, please do not hesitate to contact Aerpro Support Australia.

For more information on the AMWCPAA1 please refer to the product page on the Aerpro website, scan the QR below or visit aerpro.com/AMWCPAA1

What's Included

- AMWCPAA1 Adapter
- USB cable Type C to Type A USB
- Type C to USB A Adapter

System requirements

Make sure that your head unit has the CarPlay feature.

Ways to check if your head unit has CarPlay:

- Check with your vehicles manufacture
- Check the vehicles owners manual
- Check the head units user interface for CarPlay
- Plug in a Apple CarPlay compatible device

Product Interface

USB Type C port

Red LED (Power)

Green LED
(Status)

Micro SD card
Input

- The LED indicator lights will illuminate when active.
- Power light stays on when powered.
- Status light flashing indicates the device is working.

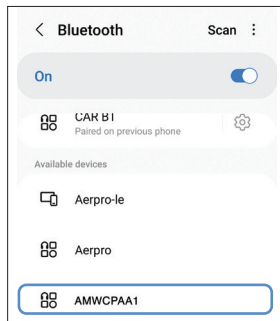

Connecting to your head unit

1. Connect the AMWCPAA1 to the USB port compatible with CarPlay on your head unit.
2. The AMWCPAA1 will automatically power on and you will be presented with the Aerpro boot up screen. (A blue screen message may appear stating the unit will recalibrate to your screen resolution and reset).
3. For first time connection to the AMWCPAA1, navigate to your smartphones Bluetooth settings and select AMWCPAA1. Your phone will now automatically connect with the AMWCPAA1.

Apple Devices

Android Devices

Connecting to your head unit

4. If the SpeedPlay App (**FIG 1**) is not already displayed, select the SpeedPlay App (**FIG 2**).
5. The smartphone will now automatically connect via CarPlay or Android Auto.
